

Health and Safety - Polite Notice

May 2017

We would like to request that all parents and carers abide by these rules to help keep our children safe whilst on school premises.

Children must remain with their parents/carers before and after school.

Please do not encourage the children to climb the large tree and/or the new equipment in Foundation Stage.

Please do not climb the trees

Dogs are not allowed on school premises. Please do not tie them to the school gate as this still causes anxiety for our youngest children.

Smoking is not allowed on school premises. Please be considerate and avoid smoking outside the school gate before and after school.

Thank You – Together we can make school a safer place.
