Headteacher: **Mrs M Bulsara**

28<sup>th</sup> September 2018

Dear Parents/Carers,

On **Tuesday 9<sup>th</sup> October from 5:00pm to 6:00pm** we will be running a Mathematics curriculum evening for parents with children in KS1 or EYFS. We want to share with parents and carers how we teach maths within Early Years and KS1 to help you support your children at home.

During the sessions parents and carers will have the opportunity to see how we teach place value, addition and subtraction and multiplication and division. We will also be providing you with hint and tips on how to support your child at home as well as ideas for games and links for websites. We hope that you will come away from the evening with the confidence to help your children at home and to also turn maths at home into a fun and enjoyable experience.

Alongside myself there will be other teaching staff attending the evening, including staff from EYFS and KS1. Therefore, if you do have any questions there will plenty of people around to help answer them.

So that all parents can get the best from the evening, children will not be allowed to come to this meeting.

We look forward to working with you.

Yours sincerely,

**Mr Mayhew**  
Maths Lead Teacher
