Numicon in Year 1 and Year 2 – Parent Curriculum Evening

Dear Parents and Carers

We will be holding a numeracy curriculum evening on **Thursday 24th September**, running from **6.00 – 7.00pm**.

We have a fantastic numeracy resource in school called **Numicon**. The children have been using it for about a year now and it is proving an invaluable tool in supporting basic number skills throughout the school.

So that you, as parents, can best support your children's mathematical development we want to introduce you to Numicon too! The evening will give you the opportunity to handle the Numicon tiles and find out how we use them within class. We will teach you how to use them to solve calculations, investigate problems and learn about numbers. Children are welcome to the sessions, and they will be helping us to teach you too!

The school has individual packs of Numicon tiles for sale which you can take home for your children, along with ideas for activities and games to play with them. As the children are so familiar with Numicon in school, it will be very beneficial for them to have access to the same resources at home.

Packs of the tiles, one each of 1 to 10, are available through ParentPay and cost £5 each. (These are available to you even if you can't make it to the Parent Curriculum Evening).

If you are interested in coming to the Curriculum Evening, please complete the form on the back of this letter and return it to your child's class teacher. Younger, and indeed older, children are also welcome, but please keep them under control.

Thank you,

Mr Corcoran
Numeracy Coordinator

Numicon in Year 1 and Year 2 – Parent Curriculum Evening

I / We will be attending the Numeracy Curriculum Evening on **Thursday 24th September**, running from **6.00 – 7.00pm**.

Number of adults: _____

Number of children: _____

Name: _____

Class: _____

Please complete and return to school no later than Monday 21st September
